#### INDEPENDENT AUDITORS' REPORT

Board of Directors Friends of KSPS Spokane, Washington

#### Report on the Audit of the Financial Statements

#### **Opinion**

We have audited the accompanying financial statements of Friends of KSPS (a nonprofit organization), which comprise the statement of financial position as of August 31, 2024, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Friends of KSPS as of August 31, 2024, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Friends of KSPS and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Friends of KSPS's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

#### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due
  to fraud or error, and design and perform audit procedures responsive to those risks. Such
  procedures include examining, on a test basis, evidence regarding the amounts and disclosures
  in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing an
  opinion on the effectiveness of Friends of KSPS's internal control. Accordingly, no such opinion
  is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Friends of KSPS's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Organization

Friends of KSPS (the Organization) is a Washington nonprofit corporation which supports the educational and cultural needs of the residents of eastern Washington, northern Idaho, western Montana, and parts of western Canada through public television broadcasts on KSPS-TV. KSPS-TV has operated continuously as a public television station since 1967.

On August 31, 2013, the Federal Communications Commission's (FCC) broadcast license was transferred from Spokane Public Schools (SPS) to the Organization, making the Organization the owner and operator of KSPS-TV.

The Organization provides quality educational and cultural programming through 24-hour program service distributed by transmitter, cable, and satellite to viewers in eastern Washington, northern Idaho, western Montana, and parts of western Canada. This service reaches educational and public service institutions, childcare providers, and others and provides them with educational tools and outreach programs that expand learning beyond the programs and the classroom. Each week, the Organization broadcasts educational, noncommercial, nonviolent programs for children. The Organization also develops and distributes online content. The Organization is a member of the Public Broadcasting Service (PBS).

#### **Financial Statement Presentation**

The financial statements of the Organization have been presented on the accrual basis of accounting. Net assets, revenues, gains, and losses are classified based on the existence or absence of donor- or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions. Board-designated amounts consist of the Organization's board-designated endowment fund, which is comprised of cash and investments held to provide support to the Organization in future periods.

Net Assets With Donor Restrictions – Net assets subject to donor- (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. The Organization has no restrictions that are perpetual in nature. Gifts of long-lived assets and gifts of cash restricted for the acquisition of long-lived assets are recognized as restricted revenue when received and released from restrictions when the assets are placed in service. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates

#### Cash and Cash Equivalents

For purposes of the statements of cash flows, the Organization considers all highly liquid investments with original maturity dates of three months or less to be cash equivalents, with the exception of funds included in the Organization's investment portfolio.

#### **Investments**

The Organization accounts for investments in accordance with the provisions of *Accounting for Certain Investments Held by Not-for-Profit Organizations*. *Under Accounting for Certain Investments Held by Not-for-Profit Organizations*, investments in marketable securities with readily determinable fair values and all investments in debt securities are valued at their fair values in the statements of financial position. Unrealized gains and losses are included in the changes in net assets. Investment income and gains restricted by a donor are reported as increases in net assets without donor restrictions if the restrictions are met (either by passage of time or by use) in the reporting period in which the income and gains are recognized.

The Organization has adopted the Fair Value Measurement standard under which fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the exit price) in an orderly transaction between market participants at the measurement date. The techniques used to measure fair value are prioritized in accordance with the tri-level fair value hierarchy established by the standard. See Note 8 for expanded disclosure.

#### **Station Receivables**

Station receivables are carried at their expected collectible amounts and consist of receivables related to other broadcasting stations.

#### **Prepaid Expenses**

Prepaid expenses consist primarily of prepaid commercial liability insurance and prepaid licenses.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Equipment**

The Organization's capital assets are reported at cost. Donated capital assets are reported at their estimated fair value at the time of their donation. Equipment is capitalized when its acquisition cost or fair value at the date of donation is greater than \$5,000. All capital assets are depreciated using the straight-line method of depreciation over estimated useful lives as follows:

Broadcast Equipment	4 to 20 Years
Transmitter Equipment	5 to 20 Years
Digital Equipment	3 to 7 Years
Office Equipment	3 to 7 Years
Vehicles	5 Years

#### **Deferred Revenue**

Deferred revenue consists of unearned revenue from underwriting.

#### Contributions

Contributions received are recorded as without donor restrictions or with donor restrictions, depending on the existence or nature of any donor restrictions. Contributions that are restricted by the donor are reported as increases in net assets without donor restrictions if the restrictions expire in the fiscal year in which the contributions are recognized.

The Organization recognizes contributions when cash, securities or other assets; an unconditional promise to give; or a notification of a beneficial interest is received. Conditional promises to give – that is, those with a measurable performance or other barrier and a right of return – are not recognized until the conditions on which they depend have been met. The Organization does not record pledges as a receivable, since a written pledge is not obtained from the donor.

Contributions of services and other noncash support are recorded as both revenue and support and expense at the estimated fair value of the services and other support on the date of receipt when such services and support create or enhance nonfinancial assets or require specialized skills that typically need to be purchased if not provided by donation.

#### Community Service Grants from the Corporation for Public Broadcasting

As a member of the Corporation for Public Broadcasting (CPB), the Organization receives funding from the CPB each year. This revenue is recognized in the financial statements during the grant period.

#### **Grant Revenue**

Grant revenue is recognized when earned. Management believes grant receivable amounts are fully collectible.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Revenue Recognition**

To determine revenue recognition for the arrangements that the Organization determines are within the scope of Topic 606, the Organization performs the following five steps: (1) identify the contract(s) with a customer, (2) identify the performance obligations in the contract, (3) determine the transaction price, (4) allocated the transaction price to the performance obligations in the contract, and (5) recognize revenue when (or as) the Organization satisfied a performance obligation.

#### Program Underwriting Revenue

Program underwriting revenue is recognized over the term of the underwriting contract. The performance obligation of producing and airing spotlights is performed ratably over the term of the contract. Program underwriting receivables represent contracts to underwrite programming that either have been billed but not yet collected or have not yet been billed. Management believes program-underwriting receivables are fully collectible. Uncollectible contracts are written off in the period they become uncollectible.

#### Production and Engineering Revenue

Production and engineering revenue represent amounts earned by the Organization for production and engineering related services performed. The performance obligation providing space for TV stations and cable providers to keep equipment in order to allow signal distribution is recognized ratably over each month. The performance obligation of providing professional services are recognized as these services are performed. These revenues are recognized in the financial statements based on the terms of each contract.

Contract asset and liabilities are comprised of:

	2024	 2023
Accounts Receivable	\$ 163,756	\$ 166,754
Deferred Revenue	\$ 93,637	\$ 138,440

#### **Functional Expense Allocation**

The costs of providing various programs and other activities have been summarized on a functional basis in the statements of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited based on number of employees.

#### **Foreign Currency Transactions**

The Organization has a bank account in Canada to service Canadian members and vendors. Revenues and expenses are translated at average rates of exchange prevailing during the year.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Income Taxes**

The Organization is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code (IRC). Accordingly, no provision for income taxes is necessary. The Organization evaluates uncertain tax positions whereby the effect of the uncertainty would be recorded if the outcome was considered probable and reasonably estimable. As of August 31, 2024, the Organization had no uncertain tax positions.

#### <u>Advertising</u>

Advertising costs are expensed as incurred. Advertising expenses totaled \$180,476 for the year ended August 31, 2024.

#### Leases

The Organization determines if an arrangement is a lease at inception. Operating leases are included in right-of use (ROU) assets – operating and lease liability – operating, and finance leases are included in right-of-use (ROU) assets – finance and lease liability – finance in the statements of financial position.

ROU assets represent the Organization's right to use an underlying asset for the lease term and lease liabilities represent the Organization's obligation to make lease payments arising from the lease. ROU assets and liabilities are recognized at the lease commencement date based on the present value of lease payments over the lease term.

Lease terms may include options to extend or terminate the lease when it is reasonably certain that the Organization will exercise that option. Lease expense for operating lease payments is recognized on a straight-line basis over the lease term.

The Organization has elected to recognize payments for short-term leases with a lease term of 12 months or less as expense as incurred and these leases are not included as lease liabilities or right of use assets on the statements of financial position.

The individual lease contracts do not provide information about the discount rate implicit in the lease. Therefore, the Organization has elected to use a risk-free discount rate determined using a period comparable with that of the lease term for computing the present value of lease liabilities.

The Organization has elected not to separate non-lease components from lease components and instead accounts for each separate lease component and the non-lease component as a single lease component.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Subsequent Events**

The Organization has evaluated subsequent events through March 14, 2025, the date on which the financial statements were available to be issued.

#### NOTE 2 LIQUIDITY

Friends of KSPS strive to maintain liquid financial assets sufficient to cover 90 days of general expenditures. The Organization receives donor contributions throughout the year which are available to meet annual cash needs for general expenditures. All board-designated funds can be made available to meet operating needs if necessary.

#### NOTE 4 FRIENDS OF KSPS ENDOWMENT FUND

The Organization transferred funds to the Friends of KSPS Endowment Fund (the Endowment), whose assets are held by Washington Trust Bank (WTB). The Organization has delegated management and investment authority to WTB.

The Endowment consists solely of bequests and unanticipated gifts without donor restrictions in excess of \$75,000. An option exists to allow up to 10% of bequests and unanticipated gifts without donor restrictions in excess of \$75,000 received in the fiscal year to be allotted to general operations of the Organization at the request of the general manager and confirmed by a vote by the board of directors.

Endowment Net Assets, August 31, 2024	\$ 4,236,307

#### **Return Objectives and Risk Parameters**

The purpose of the endowment fund is to support the Organization and its mission over the long-term. Accordingly, the primary investments will preserve the real purchasing power of the principal and provide a stable source of perpetual financial support to its programs in accordance with established spending policies.

#### NOTE 4 FRIENDS OF KSPS ENDOWMENT FUND (CONTINUED)

#### **Strategies Employed for Achieving Objectives**

To satisfy its long-term rate of return objective, the Endowment will rely on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and from current yield (interest and dividends). The general policy shall be to diversify investments amount both growth and fixed income strategies to provide a balance that will enhance total return while avoiding undue risk concentration in any single asset class or investment category. Endowment assets are invested based on the following asset allocation targets: 60% growth equity securities with a 15% limit on international equity securities, 36% fixed income, and 4% cash and cash equivalents.

#### Spending Policy and How the Investment Objectives Relate to Spending Policy

Endowment funds have a spending limit of 4% of the 13-quarter trailing average of the Organization's total assets to operations, with the consideration that the rate will not exceed the total return from investments.

#### NOTE 5 INNOVIA FOUNDATION

The Organization recognizes, as its assets, funds held by the Innovia Foundation Endowment Fund (the Fund) that were contributed directly to the Fund by the Organization. Innovia Foundation has variance power and is the legal owner of the Fund. The Organization is the beneficiary of the Fund and receives distributions of investment earnings from the Fund, subject to the spending policies of Innovia Foundation.

#### NOTE 6 BENEFICIAL INTEREST IN CHARITABLE REMAINDER TRUST

The Organization has established, through its deferred giving programs, a charitable remainder trust of which the Organization is the remainderman. The trust, formulated through written legal trust documents, is a separate entity for reporting to the Internal Revenue Service. In accordance with trust documents, the trust's property and all receipts of every kind shall be managed and invested by the trustee as a single fund from which the trustee shall pay a portion of the investment earnings to the beneficiaries in each taxable year of the trust. A beneficial interest is presented for the trust. The beneficial interest is computed based on the fair value of the Organization's interest in the trust assets. The beneficial interest in charitable remainder trust is considered net assets with donor restrictions.

#### NOTE 7 NET ASSETS WITH DONOR RESTRICTIONS

Net assets with donor restriction consisted of the following at August 31, 2024:

Beneficial Interest in Charitable Remainder Trust	\$ 26,749
Media Summer Internship	 4,778
Total	\$ 31,527

Net assets were released from donor restrictions by incurring expense satisfying the restricted purpose. Net asset releases were \$19,222 for the year ending August 31, 2024.

#### NOTE 8 FAIR VALUE HIERARCHY

The three levels of the fair value hierarchy are defined as follows:

Level 1 – Valuations for assets and liabilities traded in active exchange markets, such as the New York Stock Exchange. Level 1 also includes U.S. Treasury and federal agency securities and federal agency mortgage-backed securities, which are traded by dealers or brokers in active markets. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.

Level 2 – Valuations for assets and liabilities traded in less active dealer or broker markets. Valuations are obtained from third-party pricing services for identical or similar assets or liabilities.

Level 3 – Valuations for assets and liabilities that are derived from other valuation methodologies, including option-pricing models, discounted cash flow models and similar techniques, and not based on market exchange, dealer, or broker-traded transactions. Level 3 valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets or liabilities.

Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Organization's assessment of the significance of a particular input to fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

Investments are stated at fair value, which is determined by using market quotations and other information available at the valuation date.

The fair value of the beneficial interest in charitable remainder trusts and the beneficial interest in Innovia Foundation are based on quoted market values for the underlying marketable investments.

#### NOTE 8 FAIR VALUE HIERARCHY (CONTINUED)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Organization believes its valuation methods are appropriate and consistent with the other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables disclose, by level within the fair value hierarchy, the Organization's assets measured and reported on the statements of financial position, at fair value on a recurring basis as of August 31, 2024:
